Travelers of New Jersey Walks to Help Fight Multiple Sclerosis

PARSIPPANY and MARLTON, N.J., May 15, 2008 -- Employees in the Parsippany and Marlton Travelers of New Jersey offices participated in a Multiple Sclerosis (MS) Walk on April 13 in Roxbury and May 4 in Voorhees. The New Jersey-based offices also held a variety of events prior to the walks and raised additional funds of approximately \$3,000 to help fight this debilitating condition.

The National MS Society supports research into ways to prevent, better treat and cure this unpredictable disease of the brain and spinal cord. The Travelers of New Jersey office participates in the MS Walk to help the National MS Society achieve its goal of moving closer to a world free of MS.

This is the fourth year the company has participated in the MS Walk. "Supporting an organization that conducts such important research is very important to our company," said Phyllis Forsyth, president and CEO of Travelers of New Jersey.

Travelers of New Jersey supports several local initiatives throughout the year including food, gift and clothing drives. "As a local company, we believe it's important to help the people in the communities in which we work and live," added Forsyth.

About Travelers

Travelers understands that life and business are inherently dynamic and that the best way to serve agents, brokers and policyholders is to deliver insurance that evolves to stay in-synch with life and business as they change. For more information on being in-synch, visit www.travelers.com.
